Can you check if I missed anything? Vera agreed we can skip the “stakeholder” sections for now.

Hi Melinda, yes that's fine.

Thanks,

Vera

Hi Vera,

I can make the simple edits in the next 1.5 hours or so, but it would take me more time to dig into the specifics on “stakeholder involvement”. So, if you’re ok with receiving the edited versions without the “stakeholder involvement” sections, I’ll have revised versions back to you around 2:30 or 3.

I think the other RH folks are tied up with meetings on their other projects for the next few hours. I’ll start on the slides and the pager now.

Melinda

Hi Melinda, this looks really good. Thank you. I’ve put in a few relatively minor edits/comments. One thing I wondered if we should add is “stakeholder involvement” to each state update just to clarify who the main players are. I think you can decide if there’s something useful that section would add, and if so, keep it. If not, it’s OK if you delete it.

My sense was Anna wanted to see this & the power point today. Let me know if you think that’s still something we can do.

Thanks,

Vera

Hi Vera,

Attached is the RH pager that accompanies the slides (#2 on the list below). As discussed, the Louisiana info on the pager is up to date, as is Arkansas. The slides may have slightly out of date info for both states.

And, I suppose the info may get further out of date on Monday since the AR briefing will be then...
